## HONG KONG CHINESE TO FLOOD BRITAIN

# 3.5 MILLION MORE IMMIGRANTS ON THE WAY

**Our leading politicians agree.....**

## MAKE WAY FOR THE HONG KONG CHINESE

***Tories, Labour and Lib/Dems UNITE!***

**Without consulting the British people (again), politicians from the three main parties have decided that Britain must allow anything up to 3.5 million Hong Kong Chinese immigrants to settle mainly in Britain.**

New Zealand, Australia and Canada will take some, but nothing like the quota Britain will be taking.

They will be joining the 5 million plus other immigrants here, Africa's, India's, Pakistani's, West Indies, Vietnamese, Bangladeshi, Somali, etc.

The National Front stands alone yet again, as the only Patriotic political party opposed to these treacherous policy's put forward by treasonous politicians.

In February 1990 the liar Baronesses Thatcher said 'The richest 250,000 can come to Britain,' that was bad enough,but who would have thought that figure would jump to 3.5 million?

It is The National Fronts moral duty to inform the British people and to remind them that this unbelievable problem is scheduled for mid 1997, we must also warn you of the very real possibility of the Triad gangs taking over illegal activities like protection rackets, credit card fraud,prostitution,and loan sharking, all carried out with extreme violence , we must stop this happening to our tiny island ?

We haven't got enough NHS beds to go round now, let alone when they all arrive here, the NHS will struggle, how will the welfare state survive, the NF says stop this MADNESS!.

With a General Election looming in just over a years time, all three major political party's are full of bulls--t, so they can win your vote, already the Tories are playing the Race card, like they did in 1979, New Labour are totally commited to a Britain with NO immigration controls and as for Paddy PantsDown, and his Lib/Dems saying ,'all of them must be allowed to settle here',God help us.

The National Front is preparing for the General Election we will be contesting as many constituency as possible, the more money we can rise the more NF Candidate's we can adopted up and down Britain.

If you agree with us, that their should be no more immigration into Britain, and that we must act quickly to repel this invasion then their is many things you can do to secure Britain's future, you can join us, you can buy our papers,leaflets, and stickers and help to distrubute them or you can help us financially any size donation, it all helps in our gigantic stuggle to free our country.

***VOTE NATIONAL FRONT and say NO to the HONG KONG CHINESE IMMIGRANTS.***

## EDITORIAL No 1

Welcome to the first Edition of THE FLAME.
The new Newspaper of The National Front, unlike its predecessor's NF news and The Flag, The Flame will not deter from the truth or betray NF policy.

The Flame will present true NF reports to the Nation, not the wishy-washy wet Tory lies or the Marxist Labour doctrin,nor the Pot smoking Lib/Dems.

The Flame will report and print any problem that threatens the well being of our Nation, and challenge any politically correct brainwashing that the media pumps out to the British people.

The Flame will attempt to stay within the guidelines of the Race Relations act, and is not setting out to cause racial hatred, but solely to enlighten the British People of the plundering of our great Nation, in our race, our culture and our history for that we make NO APOLOGY.

As Editor of The Flame, I am looking forward to getting many articles and letters sent to me,I also hope all National Front branches will take bulk supply's then go back out on the streets of Britain and get our message across to the British people, something which has been missing over the last few years, thanks to the poor leadership of some, who thankfully have now gone,and taken their wet Tory idea's with them.

As you can see The Flame is at the moment only a four page publication,but once we are more established with a steady income of funds, we will increase it to an eight page.

Calling the paper The Flame I feel represents a feeling not only for The National Front but also to our Nation and Race, for as long as the flame is still fluttering in the wind and alight their is hope of salvation for our Country.

For over 28 years The National Front has existed as a Patriotic political party, it has seen many changes some good and some not so good, but it is a learning process so lets not end up in the same pitfalls.

The National Front must remain strong in attitude and commitment to its belief's, this is why a new radical NF paper was desperately needed.

I hope you enjoy The Flame, as the next editions are printed it will, like I will improve, with your help.

The Flame has a promsing future and will push The National Front forward and put us back as Britains only Credible Patriotic political party.

You can count on that.

## BROWNIE POINTS ALL ROUND

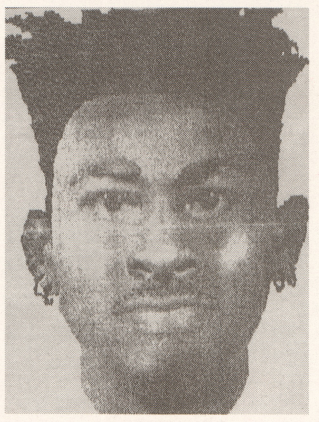
The Guide Association, which is the girls equivalent of the cubs and scouts has decided to target Bangladeshi's in London's East End for recruitment.

As our picture shows, they are having much success. By concentrating on Wapping, the Isle of Dogs and Spitalfields they have managed to start eleven new units.

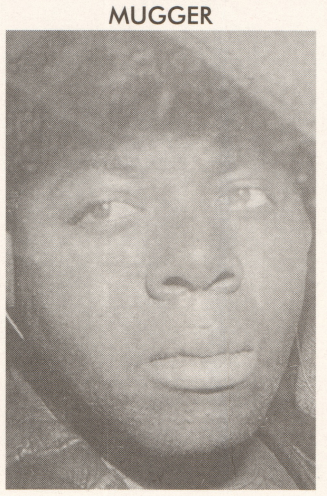
District Commissioner Valerie Le Vaillant who's White (naturally) thinks it's all jolly super (of course). Ms Le Vaillant said "I am absolutely delighted by the success of this development project.
I am confident we can double the size of this initiative to 22 units over the next two years."

With the current birthrate for Bangladeshi's at an average of nine children per family the National Front thinks that Ms Le Vaillant's wish will surly come true.

MURDERED:
BECAUSE HE WAS WHITE



MUGGER

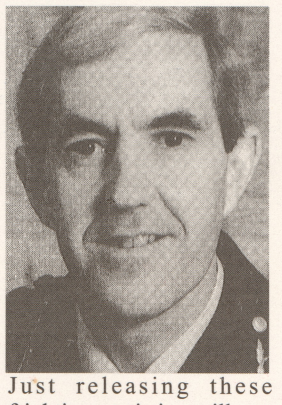


MURDERER

# 80% OF MUGGERS ARE BLACK

### *Says Police Commissioner*

At long last, police Commissioner Sir Paul Condon has released the figures on MUGGINGS. We already new them and what race commits them.



Just releasing these frighting statistics will not stop these animals from committing more of the same, nor will it make us all feel a little bit safer when we leave our homes and tread Britain's dangerous streets.

What pressure Condon must have been under to release these figures from his own ranks, they just could not be ignored any more or brushed under the carpet, so what is going to happen now, what is the next step in stopping these vile crimes?

The mugging statistics we want to know now is how many are court, how many are successfully prosecuted, how many go to prison, and how many re-offend?

The British people will not be allowed to see these figures, because they will clearly show the racially motif actions of BLACKS on Whites in this Country. The figures will show that if you are White, preferably female and over 50 you are a target for every BLACK MUGGER in Britain,they are the weakest targets that Black muggers choose.

What the British people went is solutions to these sick crimes, and the hope that they will be severally dealt with.

So who has the answers, their is only one political party with the balls and commitment to follow through the correct policys. The financially assisted and the humane Repatriation of all ethnic's who commit these vile crimes, that is after years of hard Labour in one of H.M.Prison's especially designed and equipped to deal with these animals, yet not one of the main political partys in this Country come up with any effective proposal's to deal with the problem, so where does that leave us the White law-abiding British public what about the O.A.P's Prettified of going out or answering the door.

More of the same unless you ***VOTE NATIONAL FRONT*** at the next general election, so you can see ***NF*** candidate's elected to Parliament, that is the only way the muggers on the streets of Britain can be eradicated conclusively.

Even before ***The NATIONAL FRONT*** is elected to power the ***NF*** can effectively put pressure on Parliament, to take the correct form of action. Seeing old ladies in the newspaper's up and down the Country lying in hospital beds with their faces smashed in and their limbs broken from the server beatings is a savage crime not of this Country,it belongs in the jungle's of Afica or Jamiaca,it is a crime alien to Britain and the British people,

***THE NATIONAL FRONT*** is pledged to eradicate this monstrosity put upon us by the Multi-racialist who would have us all floating in the Thames.

Again and again,only ***THE NATIONAL FRONT*** stands up for the British people and stands alone as Britain's only Democratic Patriotic Political Party.

***There is no other choice is their.***

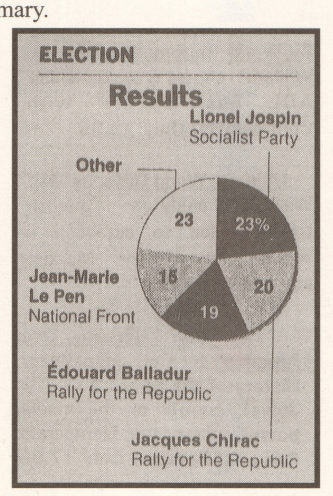
EASY TARGET FOR
BLACK MUGGERS

# NATIONAL FRONT WINS IN FRANCE

Jean-Marie Le Pen's National Front Party, made its first major break through in the June Municipal elections.

For the first time, they elected Mayors of Toulon, (20,000), Marignane (30,000) and in Orange.

This makes the NF a major party in France, which will now have an effective voice in the Nation's future, In the past the NF averaged 10% of the vote, this jumped to 15.1% in the April primary.



As a result of The National Front's success it has clearly put pressure on the French authorities to act on Immigration and Asylum seekers into France, this is exactly what is happening.

The authorities have gone further than ever before and designated camps as 'no mans land' not officially on French soil, Asylum seekers are deemed not to have entered the Country and categorized as Stateless.

In a recent Repatriation crackdown, Ministers promised a 'Charter flight a week' for foreigners refused entry, last year France Repatriated more than 12,000 migrants, a 50% rise on 1993, a further 68,000 were refused entry at the Frontier. France has 3.3 million unemployed (12%) and there are 4.5million immigrants from Africa, the NF simply says that by removing these aliens, unemployment will solve itself, an analysis of the election results found that 31% of all unemployed voted for the NF as did 22% of those classfied as 'working class'.

The NF in France is no longer a protest party, but a major contender for political power, Le Pen to many in France is classed as their only hope for salvation, so in France the government under pressure from The National Front are doing many things to try to solve their immigration problems, not like Britain's government not listening to any one, compare the difference.

Britain: Asylum seekers are entitled to full welfare from the moment they make an application.

They receive £44.45 unemployment benefit even though they have never contributed, they can claim income support which can vary from £36.15 for a single person aged under 24 to £71.70 for a couple, plus a further £23 a week for each child aged under 16, They are also entitled to housing benefit, which can be a virtual blank cheque, full NHS medical and dental treatment and free school meals, over 100 immigrants a day have claimed political asylum in Britain this year, the figure represents a 73% increase in two years, during the first seven months of this year 23,211 applied for asylum.

The British Government estimates that as many as 58,000 people came into the Country last year without ever registering in official figures, the overwhelming majority illegal immigrants, Britain has become the soft touch of Europe, many of the French National Front policy's are very similar to The National Front's in Britain,so we must be prepard for the voters in Britain to turn to The National Front as their salvation, just like they have done in France.

## WHAT IS THE TRUTH BEHIND THE SYMBOL ADOPTED BY THE LABOUR PARTY?

It is accredited to someone who is termed as being Tony Blair's most trusted political confidant, Peter Mandelson (surely not of Anglo-Saxon oregano).

In fact the 'ROSE' not RED but 'Golden' was first adopted by members of the National Front.

A group of ex-members formed a right wing faction, termed the' British Alliance.'

They possessed the genuine hope and belief that they could influence the merger of the various Nationalist factions that existed.

On 21st March 1985 at a by-election in Sidcup, a ward of Bexley Council the rose was worn as a symbol for the British Alliance.

For the previous two months pamphlets bearing the rose symbol was circulated.

It must have been during this time that the Labour party conceived the idea of adopting the rose.

Many of those members continue to support the National Front.

## WOULD YOU GIVE THESE MEN A JOB?

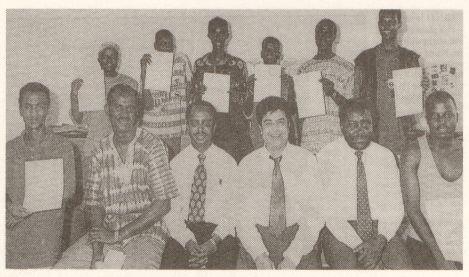
Fourteen jobless Somali refugees living in the London Borough of Tower Hamlets recently completed a two day job creation course.

As our picture shows, they've got the certificates to prove it!

The course included training in computers, CVs, job-hunting and interview skills. "Interview skills" must have been particularly useful, as most Somalis can't speak a word of English.

The certificates were gained at the Tower Hamlets Advanced Technology Training Centre, though it's not too clear who paid for the course, the words "income-tax payee" and "Council tax payee" spring to mind.

What a slap in the face for every unemployed White British man and Woman in Tower Hamlets.



# THE NATIONAL FRONT LOOKING FORWARD TO 1996

***The National Front show a smart and dignified wreath laying ceremony at the Cenotaph in London 2.30pm 12 Nov 1995.***

***Great Yarmouth NF: Remembrance Day Wreath laying ceremony. Tom Holmes (M P)Bill Fitt (R M) Peter Williams (R A F)***

From London to the Home Counties, from the West Midlands to Yorkshire, and on to Norfolk, things are moving forward for The National Front, activities are beginning to happen again in Scotland and Northern Ireland, just about every city and town in Britain, people have been enquiring about The National Front, this has not come easily, it has been due to the comitment and hard work of NF members getting back out onto the street's with our message of hope to the Nation,"Britain for the British".

The Policy's of The National Front stands firm, no watered down Tory, Liberal or Labour Policy's for us, we stand by our policy's proudly, we will always be here for the British people, they know us, they know at least one of our policys if not more, that is a firm base for a sensable polical party.

National Front member's and supporter's have yet again rallied round the party banner and given their utmost support to their local branch organizer's.

The new breath of fresh air came at the right moment for the party, with our batteries recharged, the National Front is ending 1995 on a high note, despite all the problems the party has had recently.

We have seen two county council elections contested with over 10,000 leaflets going out by hand, we have had 12,000 new NF recruitment leaflets printed, which have already sold out and a reprint has been ordered, a record number of NF stickers being put out all over the Nation of a standard never seen before,(Third re-print ordered) every item designed and printed of the highest quality, out classing anything any other patriotic party can do.

With The National Front coming up smelling of rose's, regarding Remembrance Sunday at the Cenotaph in London. The day was very successful which the National Front won handsomely, so we continued to remember Britain's war dead, despite a deliberate ploy of a disgusting nature to stop us by a so called Democrat.

Despite the lack of funds we have surprised every one who opposes us, it proves that together we can not only survive but make plan's for the future, with the General Election looming up you can be sure of seeing The National Front contesting some key seats up and down the Country.

**Remember: We are here to stay, we have no plans of going away, we stand ready and true to our beliefs.**

**MERRY CHRISTMAS AND A HAPPY WHITE YEAR**

**TO ALL NF MEMBERS AND SUPPORTERS**

## ILLEGAL IMMIGRANTS ARRESTED IN FIELD!

Sixteen "illegal immigrants" were recently arrested by police after being found wandering in a field by a motorway roundabout near Bristol. The group comprised of eight Sri Lankan's, six Indians, a South African and a lone Pakistani

A police spokesman said 'They were bewildered and cannot work out why they were left in a small field.'

Some may think this an amusing story, and it is, but it becomes less amusing when one thinks that for each "illegal" immigrant caught god knows how many slip through the net never to be caught.

They simply blend in with any of the enormous black or Asian communities in Britain today.

Should the law ever actually catch up with them it then simply becomes a matter of claming asylum a political refugee being an immigrant under a different name.

The British Government is then loath to repatriate anyone if there is even a hint that that person will face political persecution in their own Country as our Country is bound by an agreement it signed at the United Nations, promising to give shelter to anyone in the world should they merely claim that there lives are at risk for their political beliefs.

Anyone traveling through our capital city, or other parts of Britain, will see the results of this policy, Somali's, Nigerians, Sri Lankan's, Pakistanis, Vietnamese, etc etc.

There is also a very large Kurdish population in parts of North London, many of these people can't speak a word of English, and if they don't have large families when they arrive it's not too long before they are producing British-born offspring.

These people have to be housed, fed, clothed, their children have to be educated, they will all need medical attention on the NHS. This runs into millions of pounds no wonder the social security system is collapsing!

The National Front is pledged to end this farce, we would immediately stop all Non-White immigration into Britain and turn back all those who try to hoodwink the British people by claiming "asylum."

### *Staying Loyal*

Dear Mr. McAuley and colleagues, may I take this opportunity of wishing you every success with the reconstituted National Front.

I hope you will achieve your objectives with a minimum of difficulties and that within the foreseeable future our movement will emerge once more as the main Nationalist political party, and a creditable alternative to the Establishment.

I am sure that when the *present confusion* has clarified itself, most of our previous supporters will reaffirm their trust in the NF and we can then go forward to renew the struggle to save our Nation and Race within the context of a political movement founded upon priniciples of democracy,honesty and integrity,and a sense of responsibility.

The present situation, despite being a crisis, is also an opportunity for responsible Nationalist to step forward, and have the courage of their convictions, by supporting our Movement, and make a fresh start to achieve victory, once and for all.

Maintain a determined stance in the coming months, and I am sure we will triumph

**Best Wishes.**

### *THE GALL*

Walking in the Precinct, the old man looked so Grey,
Despite the fact 'twas a lovely autumn day.
Getting on in years 'tis true, but age was not his bane.
His eyes lit up, then dulled again for then came into view, a woman fair straight and tall, there was no doubt that her he knew.
Flesh of his flesh from days of yore, before she chose a life of shame.
His eyes shone once then dimmed, his English Rose was not alone, hand in hand, child of her own, descendant of a darker clime.
Kinked the hair and dark the skin, HER father was not of the old man's kin.
Invader of this pleasant land, assisted by that traitorous band, who laud it over better men, who fought to keep this country free from such as he!
The old mans shoulders slumped as gnarled white hand held dusky one, a sight Race-mixers had long planned.
Have pity then on such as he his line assigned to Purgatory.
No smiling rosy faces for him to see and stroke, no Great grandchild to carry on his heritage.
Instead a future dark and dreary, too much for this old man to bear.
No doubt he thought of better days, when daughters fair at his knee stood, made him give praise.
His wife beloved, has long since gone, at least she was spared these darkened days.
This story that I tell is true, what if it should happen to you?
We must resist with all our might lest this become a common sight.
Our land must remain a White Mans Realm where our people, mingle with their own and not the hordes from lesser lands, so this is how my story stands.

**Yours Sincerely.**

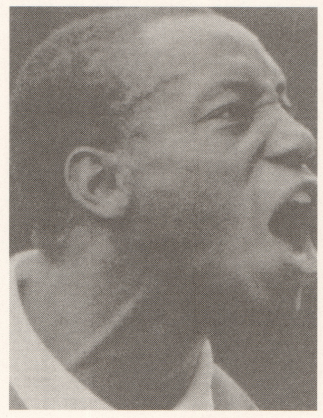
# THE BEAUTIFUL GAME

They say football VIOLENCE is on the way back (did it ever go away) in Britain, as we get nearer to the European Championships being held in England this summer.
The National Front doesn't know if that's true, what we do know is where our National game is going, if we don't act soon.
The game as it should be played is going down the pan, on and off the field.

The blame clearly lies at the feet of the people in charge, the F.A. and our top club's.
Britain was once the most respected football Nation in the world, where we played the game to the highest standards, our great players of the past conducted themselves on and off the field with utmost dignity and honesty.

Today's game has become full of cheats, thief's, thugs, and drug users all at the highest level. The F. A. and the club's won't dish out the necessary punishment, we don't care what FIFA or EUFA say regarding a player or manager as long as our own F.A. and clubs kick out all the rotten egg's which are bringing our game down.

George Graham the Arsenal Manager who brought them so many trophies to add to the highbury gallery of silver ware, was found guilty beyond all doubt of gross misconduct, regarding a hefty bung on a transfer.
Is he kicked out of British soccer NO he was banned for a year, he will be able to get a job at another British club?
Apparently there's a lot of back handers going on abroad, so do us a favour Graham, go and do it there, not here.
Soccer Gob Ian Wright has recently been fined £750 for spitting into a women's face, as he left the field and went down the tunnel after a match, that disgusting act should have meant a hefty ban by the FA as well as a much heavier fine, what do you think would have happened if it was the other way round, crybaby Wright would have screamed racial abuse to all the papers, if Arsenal had any honour they should have put Wright on the transfer- list and sold him, preferably to a club outside Britian.



Manchester United have also had they fair share of problems.
Sir Matt Busby would have kicked out Cantona (no pun intended) after his infamous kung fu kick on a Crystal Palace fan,but what did United do, they groveled to the thug, please stay and play on for us.
What would have happened if Cantona had done it at Millwall or Chelsea, West Ham or Leeds or even Newcastle, I bet you he wouldn't have made the tunnel in one piece like he did at Crystal Palace?
Drugs also seem to be sweeping into the game, it make's you think why did Manchester United and England got rid of Ince so quickly, lets see if Armstrong can keep White Hart Lane a drug free zone, very doubtful.
Collymore seems to be letting his fists do what his feet are failing to do for Liverpool.The 8.5 million flop recently beat up a man in a Nottingham nightclub, while out all night drinking, good way of promoting the game and your club to impressionable youngsters.
We would like to point out the National Front has never been responsible for organizing football thugs or been involved in violent conduct at football matches.
Many of our members and supporters do go and enjoy football and where ever possible they will continue to promote NF policy's and recruit at football grounds through out the country, no matter how many times the media try to smear us.

WE ONLY WANT OUR COUNTRY BACK!
MILLIONS OF BRITISH men and women have died fighting to defend the British Isles from invasion.
In the First World War the cream of British manhood died on the battlefield and in the Second World War British men, women and children were bombed night after night in their homes as they stubbornly resisted the invasion by a foreign power of our island.
Yet today those same British people, their children and grandchildren are being treated as second class citizens in our own land. They are put to the back of the queue when it comes to jobs, housing and welfare. People who arrive on flights from all over the world are put first!
WE CARE FOR YOUR NEEDS
Because we stand up for the rights of the ordinary white British public our opponents call us names, but all we are trying to do is ensure that our own people have a decent future to look forward to. So, what are you going to do about it? You can go on grumbling while our country gets worse and worse or you can join a group of people who are determined to give our children a better future. For the sake of your children and grandchildren Act Now!
Britain's Only Patriotic Political Party
Policies For A Free Britain
Put the British People first - end the lunacy of "positive discrimination".
Halt communist subversion in our schools, colleges, trade unions and mass media.
Maintain and improve an entirely free National Health Service, abolish prescription charges, we don't believe in charging people when they are ill and likely to be losing money anyway.
Stop all unnecessary imports now ! We want British goods made in British factories providing jobs for British workers.
Invest all British money in our own industry, not abroad. Support private enterprise, give workers real incentives by tax cuts and profit sharing.
Get Britain out of the European Community. British people should determine our future.
Crackdown on muggers and all violent crime. Bring back the death penalty for murderers and terrorists.
Help young families by increasing family allowances and by measures such as free school meals for all.
Stop All Immigration Now. Use foreign aid money to fund a programme of phased humane repatration of non white Europeans.
